

E-SPARK™ Conversion Kits

Here are the new E-SPARK™ low cost kits you have been waiting for ...

Mallory's new low cost **E-SPARK™** Conversion Kits eliminate points in GM, Ford, Chrysler and Mallory distributors. Designed with ease of installation in mind, these kits eliminate the pesky problem of constantly having to change and adjust points forever. Even better, everything fits inside the distributor so everything is self-contained and looks original on the outside.
