- Saves fuel and boosts horsepower
- Average fuel economy savings is 1-3 MPG

MAX FUELER™ MATH

Here is a Customer Testimony of Fuel Savings:
"For years now I have recorded all my gasoline purchases and mileage. Any time I checked, I averaged 13.5 MPG. Since installing the Max Fueler™, my milage has increased to over 15 MPG. What a Great Savings this has been!! " - Bob B.

Now, Here's the math:

Cost of Gas = \$3.00 / gallon

Miles Driven = 1,000 / month

Savings at 15.42 MPG vs 13.22 MPG is \$32.38

So, Bob's purchase payback was only 2 weeks - not bad for a \$17.99 investment.
