# SILVER TIP™

## RACING SPARK PLUGS

- Silver Tip - Silver is the best electrical conductor which allows for a wider heat range and is extremely resistant to fouling
- Silver center electrode - Low Ignition voltage requirements allows easier starting
- Fine wire center electrode - Allows for a thicker insulator to be used to help prevent arcing
- Fuel compatible - Plugs can be used with LPG, E85, Methanol/Ethanol, Injection, High compression, and High RPM engines
- Shorty Silver Plugs - All the benefits of the ACCEL Shorty plug but all the benefits of the Silver Tip plugs
